The highlight of my experience was that here at Collegepond you will not be told what is right, rather you will be supported in every way possible while you figure out what is right for you. I was assigned different counsellors for every step of this journey, who were always just a message away on this brilliant platform called Converge. It divides the entire process into neatly organized sections and has samples and FAQs of every obstacle that one could possibly face. Overall, with proper guidance from highly experienced people, I got everything I had expected, & more!

I opted to pursue MS in HCI, which is not popular among other counsellors. However, at Collegepond, I received excellent guidance. Even before enrolling, I had multiple doubt-clearing sessions with the counsellors. From University selection, Resume building, SOP and LOR counselling to finance and visa assistance, Collegepond has supported me through each step. Specialized counsellors are assigned to each module on Converge. The team has been highly prompt in doubt-clearing and is approachable. I want to extend my sincere gratitude to the team at Collegepond for helping me achieve my dream.

"I approached Collegepond in a frazzled state about 3 months before most application deadlines, confused about which colleges to apply to and how to go about all of it with the limited time I had. However, the entire team at Collegepond was extremely efficient and approachable, every step of the way. The organization of the resources on Converge portal, along with the numerous seminars and webinars, helped me get an idea of every process I would have to undertake before, during and after the application phase. A massive thanks to the entire team of collegepond for all their efforts!

A friend recommended me to join Collegepond. I attended their mock counselling session and it gave me immense clarity on the entire process of studies abroad. The counsellors helped me shortlist the courses and the universities. Their numerous seminars and webinars conducted on Converge helped to make the process seamless. I am extremely thankful to the counsellors for their invaluable advice that made my application extraordinary and helped me get an admit from Stanford. The portal had very informative resources that made choosing the university easy. I am extremely grateful to Collegepond and I would recommend it to anyone who is planning to study abroad!

The overall experience with Collegepond has been really good irrespective of the process being done online. The counsellors with whom I got in touch with at every stage were really good and have been there to help me with every doubt I have had. Other than that, filling up the university forms and visa application on my own was a bit confusing at the initial stage but knowing that the counsellor is always available made it a quite easy and also helped me become independent.

My experience with Collegepond is truly amazing! The quality of services being provided is absolutely bang on. I interacted with many counsellors during my MS application process and all my doubts would be resolved promptly. Moreover, they help you to draft unique statement of purpose and recommendation letters. I've heard that other counselling firms ask students to give a draft but when it comes to Collegepond you have to fill out a questionnaire and they have a draft ready for you. Even the webinars they host are really informative. I recommend Collegepond to anyone who is interested in studying abroad.

Collegepond played a cardinal role in my journey to getting into my dream University. I initially had numerous questions in my mind about the course, country and universities I should apply. The interactions with the Counsellors and weekly webinars were highly beneficial. The team relentlessly worked with me to get the final draft of SOP as per my requirements until I was fully satisfied. After several iterations by different people in the team, the final drafts of the LOR, SOP and resume were phenomenal. The team's support and understanding of the intricacies made my application process really smooth and straightforward.

Collegepond was a one-stop destination for all my questions related to Masters. Right from University Selection till Visa process, there is a dedicated team for each section, which is really helpful! My SOP counsellor pushed me to write the best version of my SOP. Guidance from the counsellor on university selection was especially helpful. I ended up receiving 6 admits of the 8 universities I applied, one being from my Super Ambitious list. Sometimes there are small things that we may miss in the application. This is where their webinars were helpful. Thank you Collegepond for the services that you provided!

Initially, I was a tad bit apprehensive to join Collegepond because of the relatively higher counselling fees. Fortunately, it turned out to be worth every penny. They guide you even through the seemingly irrelevant processes and answer your doubts however silly they may be. What's amazing is that they do not cross the fine line between guidance and spoon-feeding. The online portal, Converge, was a one-stop solution to all counselling needs, be it booking appointments or SOP refining. Also, the additional services and collaborations namely courier, loan and vaccination are extremely useful. Lastly, a shout out to Jimeet Sir, who patiently kept answering my queries till 2 am during my TOEFL debacle.

Counselling with Collegepond has been an invaluable experience for me! Right from Career Counselling, University Selection, Resume Critique, SOPs, LORs, Visa, Finances, and even to date, they've assisted me thoroughly and addressed all my queries in time, which is a highlight for me! The quality of assistance Collegepond has to offer with your documentations is top-notch! Collegepond has helped me with every single aspect of my application. I certainly believe that Collegepond has added good value to my college applications by helping me substantially improve the qualities of my SOP, LORs, Resume and Other Additional Essays. Besides this, Collegepond has also helped me in other aspects such as University Selection and Visa application. All the counsellors are friendly, approachable, and very fast in responding. Overall, I had a great experience with Collegepond and would certainly recommend it to other prospective students.

I contacted Collegepond in October to apply for MPH program in US for Fall 2021. Being a working professional in the healthcare field with a full-time job I needed assistance and guidance for the application process. Right from career and university selection to the final application process, Collegepond guided me very well. With GRE being exempted, I had to have strong SOP, LOR, and resume and Collegepond helped me prepare one. Both the Converge app and web portal are very convenient to use and the counsellors are excellent.

The whole team was very adept at providing quick solutions to the numerous difficulties of the application process. Right from choosing universities to writing statements that would help me get into these universities, every decision was backed by them. They helped me present my resume in the best way possible. The team has helped me get acceptance offers from top schools like Yale, Cornell, and Carnegie Mellon!

Collegpond helped me secure admits to my dream Universities. Collegpond has helped me in every aspect of the admission process. Your future, our priority- the Collegpond motto is not mere words but is reflected in their practice. Being from an engineering background coupled with antithetical work-ex in designing, I had absolutely no idea where I was going with my career. However, Suraj sir read my skill set and suggested me a career pathway- HCI- which turned out to be the missing piece of my career puzzle! Collegpond Coaching helped me boost my score from a base 300 to a solid 312. This was followed up by the ever-so-daunting admission process. University selection, customized essays, documentations, form filling- tremendous help is required & I got all of it at Collegpond All in all, Collegpond has been a tremendous help throughout the entire process of studying abroad! Joining Collegepond was a good decision, since it made my journey to Texas A&M University a smooth one. Collegepond provided me with a tailor-made counselling experience. The otherwise very confusing & intimidating application process was distilled into systematic steps that had to be completed one at a time on their CP Converge app. The webinars & resources available in the Converge app are really helpful and the counsellors are always available to help with any queries. The Counsellors are really experienced and helped me build an impressive profile. Would definitely recommend Collegepond to other aspirants!

Collegepond helped me in preparation of CV, SOP, and university selection to a great extent. Due to the systematic converge portal, communication with Collegepond counsellors became really easy. They patiently solved all my doubts and cooperated very well. I am happy choosing Collegepond for my career guidance. They helped me select universities based on future scope. Various Collegepond webinars helped me right from planning my application to minute details that I would require before my departure. Also, the webinars in which ex-students of Collegepond guided us to apply for various universities were an eye-opener.

Collegepond has supported me since the day I decided to take the first step towards my goal to study abroad. They provided me the right guidance throughout the process and their entire team was extremely competent and helpful. In fact, it was Collegepond that got me acquainted with the program that I finalized at Carnegie Mellon University. I'm glad that I chose Collegepond and would recommend others to consult them too. I'd also suggest aspirants to join early so that they can building a stronger and holistic profile as per the counsellor's guidance.

I joined Collegepond for its counselling services. They encompassed every aspect of the toiling college applications right from SOP ideation till admission interviews. But I believe more than this, giving the right guidance at the right time is the cornerstone of Collegepond. I personally had no idea that so much of work and thought goes into creating an impeccable application. Their counsellors were instrumental in aiding me at every step of the application process and are the reason for my selection at Columbia. Their work is a true testament to Collegepond's mission statement!

UNIVERSITY APPLICATION FEE WAIVERS

Applying for overseas education is an expensive affair. Collegepond conducts various on-spot assessment sessions throughout the year wherein the students can personally meet & get their profile evaluated by university officials. Students attending the session also get an application fee waiver to those schools.

EDUCATION LOAN

We understand that the loan amount and repayment of the same is a significant burden on the family. In a bid to minimize the impact on all fronts, we have negotiated attractive wholesale deals with all the leading lenders at interest rates and PF charges that are much lower than the industry average.

FOREIGN EXCHANGE

We have negotiated rates with leading vendors for remittances, travel card, and currency. Our goal is to be transparent; hence, when we do a transaction for a customer, we receive quotes from all our vendors to ensure that you receive the best exchange rate. Once the rate is determined, we work with you and the vendor to ensure that the transaction is conducted in an expedited manner.

FLIGHT TICKET

As students are relocating to a foreign destination, luggage becomes a prime commodity. From time to time, Collegepond has negotiated student offers with various airlines to offer additional baggage allowance, free date change, and competitive one-way fares.

VACCINATION

Students are required to complete the immunization forms before enrolling for classes at the university. Every so often, Collegepond offers vaccination camps, wherein students can take vaccinations for MMR, Hepatitis B, Meningitis, etc. at more than 50% savings to MRP.

TRAVEL & HEALTH INSURANCE

Student health insurance offered by US universities is very expensive. Collegepond works with its students to identify suitable alternate options that offer similar coverage as that offered by the university at significantly lower prices.
