I am extremely grateful to have come across Collegepond. What I appreciated the most is that instead of just spoon-feeding you, they enable you to prepare things yourself, while being by your side throughout, providing guidance and support whenever required. Their team is compartmentalized based on area of expertise, so each counsellor is the finest at what they're doing. I highly appreciate the assistance and response time of the SOP and LOR counsellors, and the student coordinator. The process of studying abroad can be overwhelming and daunting, but Collegepond successfully streamlines it and helps you sail through smoothly.

I never expected to receive admits from all the Universities that I applied to. From helping me write a well balanced SOP, build my profile and draft my resume and LORs, Collegepond has constantly helped me. The detailed information about the application process and the Dos and Dots for every step helped me secure admits at the top universities like Duke, Cornell, Purdue, CMU, NEU and NYU. I am beyond happy and would recommend Collegepond to everyone who wishes to streamline their dreams of studying abroad.

I was initially overwhelmed with the entire process of MS admissions. Collegepond has been the perfect solution and guide to all my queries. They have always been very helpful, supportive, and motivating. The webinars were informative. The best part of Collegepond was the Converge app as the counsellors are accessible on the App. The resources and sample documents on the app come to your rescue when you don't understand the process. All the processes like LOR, SOP, and Resume run simultaneously with no delay in application process. Overall, it's been an outstanding journey and an excellent experience with Collegepond and would recommend to oncoming students.
