Collegepond

Dear Student,

We take immense pleasure in sharing with you 'Collegepond Scorecard' that catalogues the milestones and accomplishments we have achieved in the year 2022. With our students garnering coveted admits from leading universities across the globe, we have achieved newer heights of success and have once again raised our bar of excellence.

The Collegepond Team, as a collective unit has provided overseas aspirants with a promising 'bridge to the future' with the latest technology, redefined strategies, targeted coaching, and personalized counselling that has driven our spectacular success. Our outstanding results also reflect the integrity and capability of our dedicated team that assiduously understands and fulfills our students' global collegiate and career ambitions.

We are proud and excited to share with you some milestones we have achieved this year:

• 14% of our students made it to the top 10 universities across the globe
• 26% of our students secured admission to the prestigious Ivy League universities
• 18% of our students received scholarships, many to the tune of 100%
• 2 students secured acceptance to the coveted Stanford University
• 6 students secured admission to University of California, Berkeley
• 35 students gained a place into the prestigious Columbia University
• 34 students broke the Carnegie Mellon University acceptance barrier
• 5 students made it to ETH Zürich
• 8 students secured admit to Delft University of Technology
• 10 students claimed a spot at the University of Toronto
• 5 students secured admission to either London School of Economics or London School of Business
• 99% VISA acceptance rate

Our time-tested guidance and counseling have enabled our students to get into top tier universities in more than 17 countries across the globe, including the USA, Canada, Ireland, the UK, Sweden, Netherlands, Germany, Australia, and more. These achievements endorse our enduring commitment to ensure that each student submits the most impressive application possible to gain the coveted acceptance letter.

However, our ultimate goal is to secure the future of our students by engaging with the student beyond the realm of admission. Our proven mentoring combined with our esteemed network of distinguished alumni and professional achievers, ensures that our students not only gain admission to top programs across the globe but also subsequently acquire full-time positions with leading multinationals.

• Google	• Microsoft	• J.P. Morgan	• Tesla Motors	• Intel
• Apple	• Abott	• Salesforce	• Deloitte	• Oracle
• Amazon	• Facebook	• Samsung	• Morgan Stanley	• Adobe

If your longstanding dream has been to secure that coveted spot in a top school overseas by gaining an extra edge to beat the fierce competition, then look no further. We are here as your confidants to guide you at every step of the way to actualize your academic and professional ambitions in your chosen fields. Please feel free to connect with Collegepond to know more about how we can serve as your trusted advisor in your overseas education expedition by helping you make most informed decision. You can peruse our website www.collegepond.com to know more about us.

TABLE OF
CONTENTS
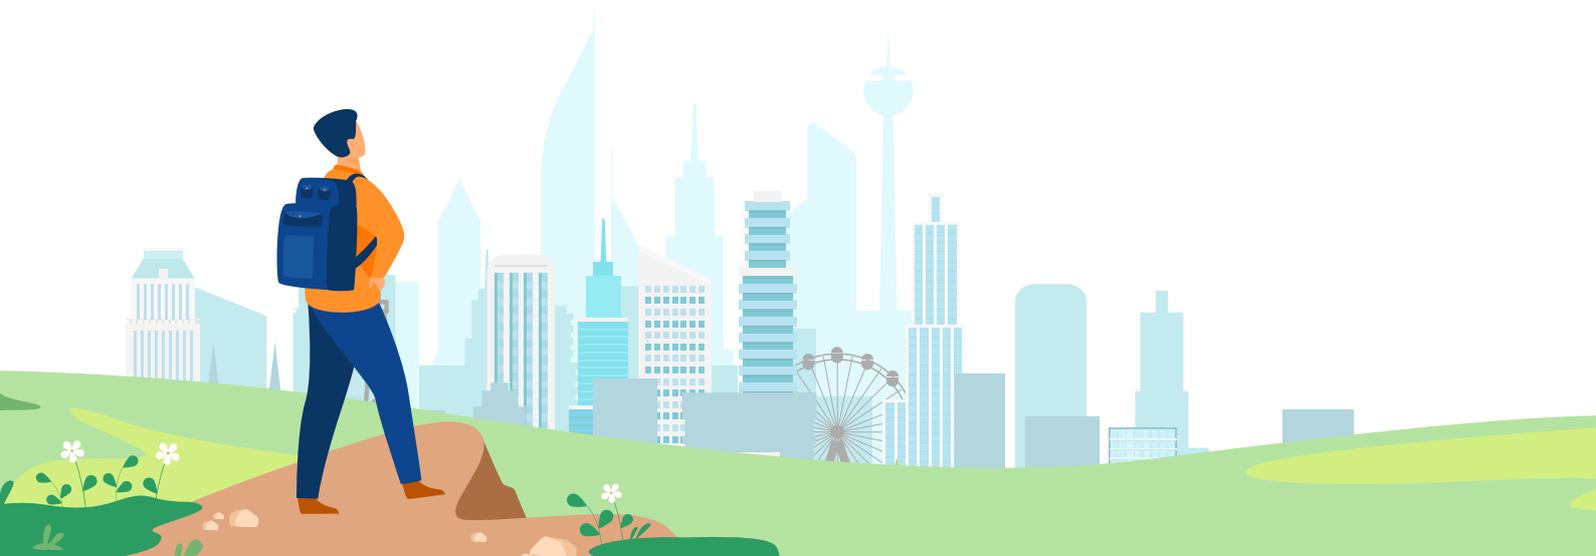

Services We Offer

Our Counselling Services are focused on helping students develop the ideal platform to embark upon a successful career.

> 360° Career Counselling

At Collegepond, we provide holistic guidance to students to enable them to identify their professional inclinations and ascertain the skills they require to transform their career dreams into reality. Packing together a rich wealth of experience, we help students identify their strengths and weaknesses, acquaint them with various suitable career options, and help them identify globally reputed academic programs that best suit their profile and aspirations.

> Profile Building

Not every student is an early bloomer, but at Collegepond, we believe that no matter what the past, every student has a great future. To that end, we not only encourage every student to build on their existing profile and strengthen their candidature but also actively guide them in this journey.

> Converge

Converge is our proprietary work flow management system which helps you navigate through each aspect of the application process i.e. SOP, LOR, resume, additional essays, career and university selections with ease and confidence. Our high-end technology platform also doubles up as a huge central repository for sample essays, videos, student experiences and other relevant resources.

> Application Assistance

Identifying the right academic programs and universities, and filling out the applications can be an unnerving process for many students. At Collegepond, we have a dedicated team that provides personalized assistance in submitting university applications by helping students in keeping track of various application deadlines and university-specific requirements.

> Interview Preparation

Apart from application essays, many universities also conduct personal interviews as a crucial criterion for confirmation of a student's merit. At Collegepond, we train students to put their best foot forward by helping them confidently face some of the most grueling university interviews.

> Financial Planning

Higher education abroad is a huge investment for the future. At Collegepond, we strive to enable every student to fulfill their academic dreams by working closely with the students and their parents to plan out their financial strategy. Also, through our tie-ups with various financial institutions, we help students avail of best-in-class products for education loans, travel and health insurance, and FOREX.

> Schools & Program Selection

The problem of too many choices is totally real! With umpteen outstanding institutes around the world offering a plethora of programs, it is natural for students to feel confused. At Collegepond, we help students in making the optimum choice of programs and universities based on crucial factors that capture the student's long-term career aspirations.

> SOP, LOR, Resume

Application Essays are crucial deciding factors influencing a student's admission prospects. Collegepond helps students make a strong case for their candidature by helping them frame their SOPs, Resumes, LORs, and other University and program-specific essays in the best possible manner. Our content team comprises of professionals with a diverse range of industry experience, and each essay is reviewed and assessed on multiple parameters by different team members before it is finalized, thus ensuring a high strike rate.

> Scholarship

As the value of quality education continues to rise, several Indian and international institutions lookout for deserving students to help them fulfill their higher education dreams. At Collegepond, we help students with information on such merit-based scholarship opportunities and also help them to apply for scholarships with zero-interest loans.

> VISA Counselling

At Collegepond, we guide students with the VISA process by assisting them in the VISA application, aiding them in showcasing their financial capabilities, and conducting multiple mock rounds. We follow a detailed and structured VISA counselling process, which has helped us maintain an outstanding track record of 99% success rate.

> Pre-Departure Orientation

Studying abroad places students in a highly unfamiliar territory - a different country, a rigorous academic setting and a new lifestyle, while compelling them to perform academically. Our pre-departure orientation program helps students make a smooth transition into the new environment by briefing them about various options for FOREX, ticketing, accommodation, and various country-specific do's and don'ts to enable them to have an enjoyable study experience abroad.

> Post Landing Services

Every student enrolled at Collegepond becomes part of our ever-growing community as we continue to extend our services even after our students commence with their education abroad. Our post-landing services include visitor VISA counselling for parents, resume drafting services for internships, assistance with essays for Research Assistantship, and help in networking with Collegepond alumni.

Arundhati Misra
Cornell University
Master of Food Science

The entire team at Collegepond is super approachable, helpful, fast, knowledgeable, and sweet. Almost every counselor who has been assigned to me went out of the way to help bring out the best of me. Even if you go to them for the millionth time with the same doubt, they will still resolve it for you ever so happily. My admission was truly a team effort by every counselor who was involved in my entire journey to get admission into my dream university. I would highly recommend Collegepond to anyone aspiring to go abroad to study, they guide you in the right direction and help you make the right decisions always. Thank you!

Karishma Makhija
University of Texas at Austin
Masters in Information Studies

My experience with Collegepond was great. Being a working professional, dealing with the extensive application process seemed daunting and taking time out to visit counselling offices was not an option. However, Collegepond's services made the process a cake walk. They cut short the time spent in finding accurate information and reaching out to numerous sources, by providing counsellors specialising in every module. The Converge app and website were extremely efficient to connect with the counsellors, that I never had to visit the branch personally. I am grateful to the entire team for the seamless and pleasant experience.

Zeel Jasani
New York University
Masters in Construction Management

Collegepond has been the backbone in my abroad studies journey. They have helped me in securing admits from the best universities in the USA. The online modules of SOP, resumes & LOR were very easy to understand, and the counsellors' inputs helped to draft impressive SOP & LORs. The Converge portal was very handy as one can exchange all the types of doubts with the counsellor, and it can be resolved very quickly on the online platform itself rather than travelling. My experience was very good with Collegepond, and they helped me tremendously to achieve this great milestone.

Vaishnav Kanekar
Syracuse University
Masters in Management Information Systems

Collegepond guided me through the entire application process, from GRE prep to pre-departure. I applied to universities in Ireland and the United States to begin the application process. After receiving admissions from universities such as NYU, ASU, Syracuse, and NEU in the United States and University College Dublin & NUI-Galway in Ireland, Collegepond assisted me in deciding on my country and considering all the factors to choose the best university. Collegepond's Converge platform has made every task simple. Overall, t was a fantastic experience, and I'd like to thank the Collegepond team for their assistance throughout this journey!

Prathamesh Karale
State University of New York At Buffalo
Masters in Environmental and Water Resources Engineering

One of my friends recommended Collegepond and I attended some of the mock sessions. After those sessions, I also enrolled with Collegepond, and it resulted well in my journey. All members of this team are helpful and ready to solve doubts. I would like to share an incident where I was at the deadline to submit my SOP and the SOP team got it done in a day. Thanks to them I was able to apply for the early-bird round. I will surely recommend others to be a part of Collegepond to get a smooth and informative ride to their higher study journey.

Akshay Baghmar
University of Maryland, College Park
Masters in Telecommunication

The Collegepond team has supported me in every step during my master's application journey. I found the converge portal & App very helpful having separate sections for each process, where I could easily communicate with counsellors and track the progress of each process. The portal had a well-organized archive of written documents for each stage, from orientation to pre-departure/parents visa, which helped in streamlining the entire process. They have a well organised team of professional and well-experienced counsellors and the methodical approach they followed made procedures straightforward. Collegepond is definitely the place for incoming masters' aspirants to start their journey.

Deep Gandhi
University of Alberta
Masters in Computer Science

Right from the start, the counsellors have been helpful at every step. Collegepond definitely lives upto its reputation as being one of the best counselling services in the industry. The converge platform is a great system developed to navigate the whole process methodically. While I thank every counsellor who's helped me, I'd also specially like to thank Jimeet sir, who has solved every little query of mine and reassured me every step of the way. All of them have given their 100% for every process (University Selection, SoP, LoR, Finances, etc.) and I'm grateful to them for the same.

Ankita Mukne
ETH Zürich
Masters in Electrical Engineering and Information Technology

Initially, I was overwhelmed by the entire application process, but Collegepond played a vital role in making this a smooth journey. The guidance from highly experienced counsellors at every stage was the highlight for me. The counsellors are very approachable. The platform Converge is very helpful in communicating with the counsellors and streamlining the entire process. It consists of useful videos and other informative resources. Collegepond helped me in networking which proved to be very useful during university selection. I had an amazing experience with Collegepond, and I would highly recommend them to aspiring master's students.

Ananya Subramanian
Audencia Business School
Masters in Management

My experience with Collegepond has been extremely good and I'm grateful to the entire team for being so helpful. Converge App is very advanced and user-friendly. It's very impressive how the entire planning of going abroad is combined into one app. The counsellors have great knowledge about what they're advising and are responsive most of the time. Luckily there are Student Coordinators who helps you and makes sure you're getting what you need. I've got assistance as and when I needed it and my procedure was a smooth flow because of the team. It's been a great journey with Collegepond.

Yash Kadakia
University of California, Los Angeles
Masters in Chemical Engineering

The application process can seem quite tedious with multiple requirements. Collegepond breakdowns the entire process into various steps, which can be tracked easily and monitored effortlessly through the converge app. With different counsellors assigned for each section, you have the flexibility to undertake multiple steps at once, to systematically complete the application process under the guidance of counsellors with vast knowledge and experience in that specific area.

Vatshal Bhanushali
University of California, Berkeley
Masters in Chemical Engineering

Throughout my entire journey from Mumbai to Berkeley, Collegepond has been super supportive and helpful. The entire process - from deciding colleges to actually flying to the US is cumbersome, to put it mildly. But CP was always there to help me out whenever I needed help - be it an unexpected university interview or sorting my finances for VISA. Kudos to Jimeet Sir and the entire CP team for making the whole process so smooth and seamless.

Soumajit Sen
Georgia Institute of Technology
Masters in Supply Chain Management

The quality of services offered at Collegepond is unmatched. Every penny you pay for the counselling and coaching with Collegepond is worth it. Every counsellor assigned was an expert in that particular domain and helped me structure my application efficiently. Collegepond also conducts informative webinars for SOP, LOR, etc. I applied to 10 universities and received admits from all. Hence, I owe a major credit of my success to Collegepond. They also assist with forex cards, loans, and courier services for sending transcripts to universities. It's a complete package and not once did I regret my decision in joining Collegepond.

Himani Mehta
Simon Business School
Masters of Science in Finance

I truly had an amazing experience with Collegepond, and I laud them for their undeterred support throughout the entire process. The journey from deciding the course to achieving 10/10 admits was a dream for me and it would not have been possible without the constant assistance and guidance from the extremely knowledgeable team of counsellors. The expertise and enthusiasm of the entire team in formulating every single application is commendable. I would like to extend a heartfelt thanks to everyone who has contributed to my journey, and I am absolutely delighted to have chosen Collegepond as my counsellors.

Aneri Mehta
Fordham University
Masters in Finance

I am extremely grateful to have come across Collegepond. What I appreciated the most is that instead of just spoon-feeding you, they enable you to prepare things yourself, while being by your side throughout, providing guidance and support whenever required. Their team is compartmentalized based on area of expertise, so each counsellor is the finest at what they're doing. I highly appreciate the assistance and response time of the SOP and LOR counsellors, and the student coordinator. The process of studying abroad can be overwhelming and daunting, but Collegepond successfully streamlines it and helps you sail through smoothly.

Suraj Unadkat
University of Illinois at Urbana-Champaign
Masters in Finance

I had a wonderful experience with Collegepond. The best part about the counselling process with Collegepond was the systematic process and the timely response by all the counsellors. The Converge app is also a great platform with all necessary services for students. The App helps you connect with the counsellors when you have any doubts, and the counsellors are proactive in responding. I am thankful to Collegepond for helping me.

Shambhavi Sharma
University of California San Diego
Masters in Business Analytics

Sometimes it becomes overwhelming to select from the best universities and courses for your Masters in the US. Summing up all the projects, experiences, learnings, interests and extracurriculars in your SOP is quite a task, especially when there are small word limits. These were some of the obstacles I faced during my application preparation for my masters. Collegepond has really helped me throughout the entire process starting from selecting the best universities to apply to, tailoring the SOP, LORs, specific Q&As, etc.

Vidhi Jain
University of California San Diego
Masters in Business Analytics

Collegepond has an application called Converge which perfectly helps you to streamline your whole application process and allows you to take step by step approach. Dedicated counsellor for each step makes it very easy to handle and approach the right people. The continuous webinars help you to plan your next steps and clarify general doubts which allow you to work faster and reach out for customisation as soon as possible. Collegepond offers financial planning and advisory service. Collegepond has a great team which assists you throughout the loan application and sanction process making it completely hassle-free.

Jash Somaiya
University College Dublin
Masters in Business Analytics

Choosing Collegepond as a counsellor was one of the best decisions I took when applying for my Masters. Right from guidance on the best suited country to the right University course, I had support and guidance all the way. They understood my goals and my likings and made the right suggestions for my career progression. The quality of SOP and the turnaround time had been excellent, I couldn't have asked for more. Cheers to Collegepond!

Ashutosh Lohana
Harvard University
Masters in Design Studies

I had been envisioning being a part of the Masters in Design Program at Harvard G.S.D for the last couple of years. Therefore, I was aware of the time and thought that I had to pour into the application process. Working on my applications with Collegepond assisted me in streamlining my thoughts and structuring my process. I appreciate the liberty I was offered to approach my guides at Collegepond when I encountered decision-making crossroads. This freedom to approach and seek advice integrated well with my journey and planned timelines. In addition, Collegepond simplified the application's technical procedures that facilitated me to channel a majority of my energies toward my essays and the portfolio. To that end, Collegepond has been a significant co-pilot in this journey towards my academic goal.

Angana Syamroy
University of Michigan Ann Arbor
Masters in Architecture

I approached Collegepond in a frazzled state about 3 months before most application deadlines, confused about which colleges to apply to and how to go about all of it with the limited time I had. However, the entire team at Collegepond was extremely efficient and approachable, every step of the way. The organization of the resources on Converge portal, along with the numerous seminars and webinars, helped me get an idea of every process I would have to undertake before, during and after the application phase. A massive thanks to the entire team of collegepond for all their efforts!

Richa Maru
Savannah College of Art & Design
Masters in Architecture

There is a lot of processes involved in getting your higher education from a university abroad. I would like to thank Collegepond for guiding me in the right direction and helping me make the biggest decision of my life. Be it university selection or drafting an SOP, Collegepond assigns the best-suited people who work with you to create an impressive application. I would like to thank the entire team for always being there to solve our doubts, especially during these uncertain times where everybody is distressed due to COVID. Thanks to the entire Collegepond team for making my journey a smooth one.

MS in Mechanical Engineering	New York University	$8,000
MS in Mechanical Engineering	New York University	$8,000
MS in Mechanical Engineering	Arizona State University	$6000
MS in Mechanical Engineering	University of Florida	$15,000
MS in Pharmacy/Pharmaceutics/Pharmacology	Boston University	$18500 per annum
MS in Pharmacy/Pharmaceutics/Pharmacology	University of Minnesota Twin Cities	$10,000 per annum
MS in Robotics	New York University	$7000 per annum
MS in Robotics	New York University	$7000 per annum
Ms in Robotics	New York University	$9,000
MS in Software Engineering	Pennsylvania State University	$10,000 per annum
MS in Software Engineering	Fordham University	$10,000 per annum

Collegepond

Edvantage
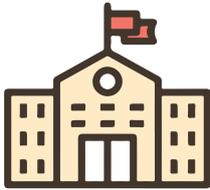

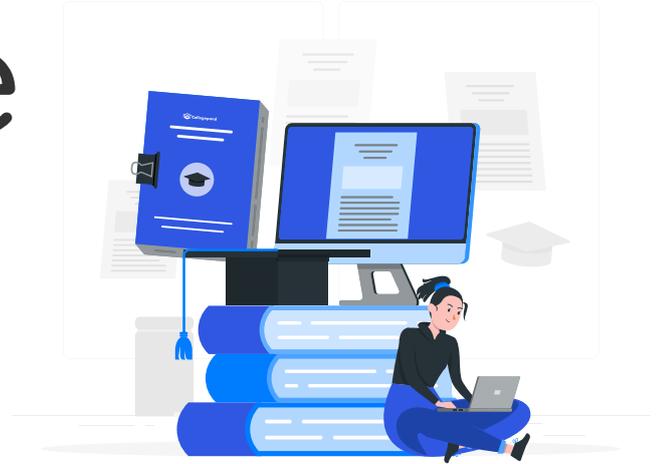

UNIVERSITY APPLICATION FEE WAIVERS

Applying for overseas education is an expensive affair. Collegepond conducts various on-spot assessment sessions throughout the year wherein the students can personally meet & get their profile evaluated by university officials. Students attending the session also get an application fee waiver to those schools.

EDUCATION LOAN

We understand that the loan amount and repayment of the same is a significant burden on the family. In a bid to minimize the impact on all fronts, we have negotiated attractive wholesale deals with all the leading lenders at interest rates and PF charges that are much lower than the industry average.

FOREIGN EXCHANGE

We have negotiated rates with leading vendors for remittances, travel card, and currency. Our goal is to be transparent; hence, when we do a transaction for a customer, we receive quotes from all our vendors to ensure that you receive the best exchange rate. Once the rate is determined, we work with you and the vendor to ensure that the transaction is conducted in an expedited manner.

FLIGHT TICKET

As students are relocating to a foreign destination, luggage becomes a prime commodity. From time to time, Collegepond has negotiated student offers with various airlines to offer additional baggage allowance, free date change, and competitive one-way fares.

VACCINATION

Students are required to complete the immunization forms before enrolling for classes at the university. Every so often, Collegepond offers vaccination camps, wherein students can take vaccinations for MMR, Hepatitis B, Meningitis, etc. at more than 50% savings to MRP.

TRAVEL & HEALTH INSURANCE

Student health insurance offered by US universities is very expensive. Collegepond works with its students to identify suitable alternate options that offer similar coverage as that offered by the university at significantly lower prices.

CONVERGE

GLOBAL EDUCATION MADE EASY

One-stop engagement platform for study abroad aspirants!
